

Product data sheet

Product category	Humidifiers
Brand	Qlima
Model	H 824
Colour	White
EAN code	8713508785141

Technical specifications

Evaporative capacity	l/24h	24
Autonomy	h	27
Power consumption cool mist / hot mist	W	cool mist 103
		hot mist n.a.
Power supply	V/Hz/Ph	220 - 240~ / 50 / 1
Current nominal	A	cool mist 0,5
		hot mist n.a.
Suitable for space	m ³	310
Capacity water tank	l	20
Operating range	°C	5 ~ 40 / 45 ~ 95
Sound pressure noise level at 1 m (SPL)	dB(A)	42
Humidifier system	cool mist	ultrasonic
	hot mist	n.a.
Control		touch panel
Adjustable evaporation (low/medium/high)		Yes
Negative ions generated	ions/cm ³	8.10 ⁶
Included filters		N.A.
Dimensions (w x d x h)	mm	260 x 260 x 655
Net. weight	kg	4,5
Length power cord	m	2
Protection class		IPX0
Warranty	year	2

All data is measured in accordance with applicable EU specified standards at the time of production. To be used for indicative purposes only.

Humidifier, User manual

Accessories (to order)

Description	EAN code

XL Capacity

Very silent

Timer function

Removable water
reservoir

360° mist

Ultrasonic technology: Due to the use of ultrasonic technology the energy consumption of the unit in cool mist mode is low.

Quiet operation: The humidifier works with an extremely low noise level, comparable with whispering level. The only thing you here is the tranquilizing sound of the bubbling of water every now and than.

Ionizer function: Automatic production of negative ions for a greater comfort of use.

Controllable humidity capacity: The required moisture output can be adjusted by means of a button, 3 mist capacities can be selected.

Hygostat: The required humidity can be selected by the hygostat button. Humidity can be set between 40 and 70% in steps of 5%.

Large water container: The humidifier is equipped with a large 20 liter water container. Due to the large size of the water container the unit can operate for at least 27 hours continuously, without a water refill.

Rotatable top cap: The unit is provided with a rotatable top cap, introducing a 360° selectable moisture flow outlet direction.

Refill indication: When the unit needs to be refilled this is indicated on the display and by means of an alarm sound.

Cool mist: Due to the ultrasonic system, the discharged water vapour is cold (no risk of a burn wound).

Safety device: When the water container is empty, the unit switches off automatically.

Full colour box: The unit is delivered in a stylish full colour box showing application and operation information in multiple languages.

Note: The humidifier has to be cleaned periodically to avoid damage by scaling. Use the same agent as for your coffee machine.
