Possibility for permanent water drainage: By fitting a flexible water drainage tube a continuous water discharge can be realized. If done correctly, it will prevent the need for emptying the water container.

Timer function: Max. 6 hours. The unit stops automatically when selected time has passed.

Hygostat: The humidity can be regulated via an adjustable hygostat.

Removable water container with water level indicator: The water container can easily be removed.

Compressor: The dehumidifier has a reciprocating compressor.

Wheels: For extra convenience the dehumidifier is equipped with castors.

Defrost function: The unit is equipped with an intelligent defrost system, for use in lower temperatures.

Back-up system: In the event of a power failure, the unit will remember the settings before power failure.
