

Product data sheet

Product category	Paraffin laser heaters
Brand	Qlima
Model	SRE 4033 C
Colour	Gold
EAN code	8713508784823

Technical specifications

Burner type	Electronic Injection Burner System (BI)	
Capacity (min./max.)	kW	1,19 / 3,30
For rooms up to	m ²	21 - 52
	m ³	52 - 130
Consumption (max.)	l/h	0,344
	g/h	275
Capacity tank	l	5
Autonomy (min./max.)	h	14,5 - 40
Power supply	V/Hz/Ph	220 - 240~ / 50 / 1
Power consumption at start	W	335
Power consumption	W	70 - 335
Sound pressure level	dB(A)	26 - 39
Dimensions (w x d x h)	mm	436 x 313 x 435
Net. weight	kg	9
Warranty	year	4

Safety features

Tip-over switch - Safety stop - Overheat protection - Safe top - CO₂ sensor - Child lock

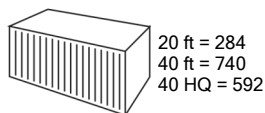

All data is measured in accordance with applicable EU specified standards at the time of production. To be used for indicative purposes only.

Package content

Paraffin laser heater, Syphon pump, Transport cap, User manual

Accessories (to order)

Tip-over safety switch

CO₂ sensor: The user is informed when additional ventilation is required. The heater will be switched off when the room is not ventilated sufficiently.

High efficiency: This heater has a 99.99% heat efficiency with infrared radiation heating.

Easy touch cap: A new way to easily mount the removable fuel tank cap without touching the tank directly.

Smart Save mode: The 'SAVE' function allows you to keep the set temperature in the room. This saves on the energy consumption.

Anti-freeze function : Install the save mode at the lowest temperature setting (5°C) to activate the freezing prevention function.

Fuzzy logic: This heater is equipped with a self-regulating temperature control system. The heating mode can be set according to the requirements.

Manual fuel syphon pump: This heater is delivered with a convenient pump to fill the fuel tank.

Automatic tip-over switch: The heater will be shut off automatically when the heater is knocked over.

High-tech burner: This heater is equipped with a burner system that heats up extremely quick and very gradual. This gives a more comfortable heating sensation.

Semi-automatic operation: This heater is equipped with a 24-hour programmable timer and integrated thermostatic control to maintain the desired room temperature.

Information display: The digital displays helps to keep track of all the important heater functions.

3 hour timer: The device will automatically turn off after 3 hours of usage.

Childproof lock: When this button is pressed, the operation of buttons will be blocked, except the on/off button.

Large autonomy: The large 5 l fuel tank is good for up to ||MaxAutonomy|| hours of pleasant heat.

Additional heat output: All consumed electric energy is emitted in the room to be heated.

Transport cap: Essential for the transport of your device, it is included in the box.

Warranty: 4 year warranty, excluding the pump

Made in Japan: This heater has been produced according to the ISO 9000:2015 Quality Control Standard.
