Suitable for big parties

Side shelves and plate: More cooking possibilities, with the side plate that can be used to heat soups, broths, sauces, etc.. . The side shelves increase the available workspace.

Integrated thermometer: This barbecue is equipped with an instant reading thermometer for perfect simmering of large cuts of meat with the lid closed.

'Uniform heat' technology: This outdoor kitchen has 3 adjustable burners, which evenly distribute the heat over the entire cooking area.

Adjustable power: This means the power can be adjusted to control the gas to grill the meat or vegetables to your desired state.

Slow cook: This outdoor kitchen has a lid that allows slow cooking for even more tender meat.

Autostart: This type of ignition consists of a convenient dial to press and turn. Pressing the dial creates a spark. The rotation of the dial starts the flow of gas, which then ignites the spark to become a flame.

Number of people: This barbecue has a large grill surface that can grill for ||Suitable for #persons||.

High-quality materials: The barbecue and double-layered lid are made of black coated steel with high temperature powder paint. The non-stick cooking grates and flame lids are made of black enamel. The cooking grill and 3 are fully adjustable burners made of stainless steel. Side shelves are included.

Safety: For added safety, the gas stops automatically if the flame goes out.
