

Product data sheet

Product category	Paraffin
Brand	Qlima
Model	Hybrid 20 L
Package	One-way PET eco can
EAN code	8713508764436

Product information

Fluid type	Blend of mineral oil and <5% vegetable based fuel	
Oil category	Semi heavy	
Tax - HS Code	27101925	
Fiscal dye	Customs Determined	
Aromatics before fiscal dye (Spec.)	%/vol	0,3
Flashpoint (Typ.)	°C	> 68
Density at 20°C (Typical)	kg/l	0,8
ADR	Not subject to ADR (because of high flashpoint)	
Recommended warehousing	Inside, out of direct sunlight and humidity. PVG is not responsible for possible deteriorations of packaging/content due to outside warehousing.	

This product is registered at the International Information Centre for Dangerous Goods (B.I.G) which can be reached 24h/7d at telephone number +32 (0)14 58 4545.

For more detailed information concerning transport, safety & warehousing, please consult our Safety Data Sheet.

Package information

Content in litres	l	20
Package	One-way PET eco can	
Closure	Child resistant, CRC -TE with induction seal	
Pallet type	CP2 (80x120 cm) one way	
Litre per pallet	l	900
Cans per pallet	45	
Gross weight	kg	16,5
Weight pallet	kg	765
Dimensions can (w x d x h)	cm	24 x 26 x 44
Pallets per truck	pcs	32
Cans per truck	pcs	1440
Litre / kg per truck	l/kg	26800 l = 24480 kg

Qlima

The certainty of Qlima Premium Quality Fuels:

Qlima is the European market leader for heater fuels. After more than 35 years of innovation, today Qlima produces only premium quality fuels. The end result is the most clean, pure and powerful fuels with the best performances available in the market. Our secret lies in the combination of our unique in-house 'from ship to shop' production concept and our highly qualified dedicated people, who are willing to realize breakthroughs.

Qlima advises consumers to use Qlima Premium Quality Fuels in combination with a Qlima heater that has a laser burner system, in order to achieve the ultimate heating experience. All in all Qlima is able to guarantee the highest in quality, efficiency and comfort, thus providing you with an ultimate heating experience.

In its product and packaging development, Qlima constantly respects the environment. A good example of this is the introduction of the PET eco can - a Qlima innovation that ensures fuel cans are now 100% recyclable.

Qlima Performance Meter:

By using Qlima Premium Quality Fuels Qlima guarantees customers the highest quality, the highest efficiency and the highest comfort. All Qlima Premium Quality Fuels have an outstanding performance. The difference between the various Qlima labels is very small, the difference with other brands is relatively high. In order to explain the difference between the labels in not a too technical way we have developed the Qlima Performance Meter.

Qlima Hybrid:

Premium Quality Fuel for a great heating experience. The guarantee of optimum performance and longer life for paraffin heaters.

This fuel creates less greenhouse gases because 5% of its composition comes from agriculture. Indeed, crops absorb CO₂ to compensate for some of the CO₂ emissions from combustion. Its sulphide content is 25% lower than a conventional product, it also aims to protect the air that is breathed.

Its high flash point, above 65 ° C, also guarantees great safety in use.

Qlima Savings Program

By using Qlima Premium Quality Fuels, Qlima guarantees customers the highest quality, the highest efficiency and the highest comfort in order to deliver that superior heating experience. One of the results of producing continuously Premium Quality Fuels is a large group of brand loyal customers. In order to reward customers for their loyalty, Qlima created a special savings program. By collecting Qlima Points customers can save for example for extra warranty on Qlima heaters, convenient accessoires, reductions on fuel prices or heaters. Conditions and offers may vary between countries. Visit your local Qlima website for the current savings program.
