

Product data sheet

| | |
|------------------|-------------------------|
| Product category | Room gas heaters hybrid |
| Brand | Qlima |
| Model | GH 959 RF |
| Colour | Grey |
| EAN code | 8713508773247 |

Technical specifications

| | | |
|--------------------------------------|------------------|-------------------------|
| Heating capacity steps | Gas | 3 (1500 / 2800 / 4100)W |
| | Electric | 2 (900/1800)W |
| Heating capacity | kW | 5,9 |
| Gas connection | 2-in-1 Connector | |
| Energy efficiency class | A | |
| Consumption (min./max.) | g/h | 109 / 204 / 298 |
| Autonomy (min./max.) | h | 50 - 138 |
| Built-in thermostat electric heating | Yes | |
| Power supply | V/Hz/Ph | 220 - 240~ / 50 / 1 |
| Current (max.) | A | 8 |
| Protection class | IPX0 | |
| For rooms up to | m ² | 20 - 78 |
| | m ³ | 50 - 195 |
| Gas cylinder capacity (max.) | kg | 15 |
| Max. gas bottle dimensions (Ø/h) | 330 / 615 | |
| Control | mechanical | |
| Dimensions (w x d x h) | mm | 420 x 352 x 730 |
| Net. weight | kg | 11 |
| Warranty | year | 2 |

All data is measured in accordance with applicable EU specified standards at the time of production. To be used for indicative purposes only.

**HYBRID**

Hybrid heating system

3 Temperature settings

ODS

Oxygen detection safety system

Tip-over safety switch

Easy to move

**PIEZO**

Piëzo ignition

Hybrid heating: The hybrid combines the best of both worlds: gas heating and electrical heating. It can work on gas only, electric only or both at the same time.

Heating settings (gas + electric): The gas heater has 3 gas heater settings and 2 additional electrical heater settings, to adjust the heating capacity according to the desired room temperature.

Instant heating: No hours of waiting for the heat to build up, just turn the dial and you have instant radiated heat to warm your hands and feet. At the same time, the gently convection heat will bring a warm glow to the whole room.

Efficient and quiet: The gas heater is efficient and quiet. No blowers or fans are required to distribute the heat.

Electrical fan heater: The additional electrical fan heater can give an extra boost to the warm airflow. The warm airflow will accelerate in the room, providing a desired temperature.

Design: This gas heater is part of a robust range of Qlima products.

Full colour box: The unit is delivered complete (including auxiliary parts) in a full coloured box, displaying applications and operation information in several languages.

Castors: For easy movement the gas heater is provided with castors.

Flexible: The gas heater is capable of heating any room at any time. All gas heaters are mobile and can be used to provide extra warmth. For example, in draughty hallways, lounges or keeping you warm in a studyroom.

Oxygen depletion sensor (ODS): The gas heater is equipped with oxygen depletion sensors (ODS). These sensors can tell how much oxygen is left in the air. Decrease in oxygen levels will activate the sensor to shut off the gas. This security measure activates long before you would feel the effects of low oxygen levels.

Piezoelectric ignitor: This device takes care that the heater can be ignited easily. No matches or lighters are required to start the heater.

Tip over safety switch: The tip-over switch will automatically shut off the gas heater when the unit is tipping over.
