

Product data sheet

Product category	Dehumidifiers
Brand	Qlima
Model	D 630 P
Colour	White
EAN code	8713508778556

Technical specifications

Dehumidifying capacity	l/24 h	30
Power consumption	W	580
Power supply	V/Hz/Ph	220 - 240~ / 50 / 1
Current (nom.)	A	2,7
Airflow	m³/h	120
For rooms up to	m³	160 - 200
Capacity water tank	l	6
Operating range	°C	35
Included filters	type	Screen
Sound pressure level 1m	dB(A)	< 40
Fan speeds	positions	2
Control		electronic
Auto restart		Yes
Refrigerant type / GWP / Charge	R/g	R290 / 3 / 90
Dimensions (w x d x h)	mm	371 x 251 x 595
Net. weight	kg	17,0
Compressor type	type	rotary
Protection class		IPX0
Warranty	year	2

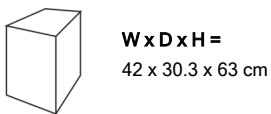

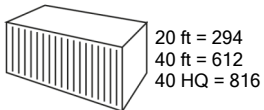

All data is measured in accordance with applicable EU specified standards at the time of production. To be used for indicative purposes only.

Package content

Dehumidifier, Drainage tube, Screen filter, User manual

Accessories (to order)

Description	EAN code

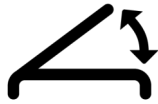

Built-in drain pump

2 Fans speeds

Swing function air outlet

Timer function

Very silent

Removable water reservoir

Hygrometer

Moveable design

Child lock

Permanent drainage pump: The integrated pump allows the unit to operate autonomously during long periods. Thanks to the pump, you can obtain a difference in discharge height of 5m, avoiding manually removing the empty water tank.

Hygostat: The humidity can be regulated via an adjustable hygostat.

Hygrometer: The unit is equipped with a hygrometer, which indicates the relative humidity in the room.

Large size, removable water tank: For ease of use, the dehumidifier has an extremely large watertank capacity. The frequency of having to empty the tank is significantly reduced, with this large sized water tank.

Very stylish exclusive Qlima design: This dehumidifier is part of an exclusive range of Qlima design dehumidifiers. The glossy white colour together with the colourful blue indication ring presents this model as a revelation in high end aesthetics for household dehumidifiers.

Extremely quiet: In HIGH fan mode: the sound produced by this dehumidifier is so low you will hardly hear it, when using it in a normal living room. This dehumidifier surely is one of the most silent dehumidifiers available in the current market.

Swing function air outlet : The air outlet is positioned on the upper part which is equipped with a movable flap (up / down). In this setup, the air spreads evenly and is particularly useful for drying laundry. The function 'Swing' can also be deactivated.

Water container cover: The water container is equipped with a cover, to prevent the splashing of water when the container is taken out or is transported to the drain.

Automatic switch off: When the water container is full, a LED light will light up. The dehumidifier will automatically switch off.

Power cord storage: The dehumidifier is provided with an easy to use power cord storage option.

24 hour timer: The unit is equipped with a timer function which can switch off the unit at any hour.

Compressor: The dehumidifier has a silent rotary compressor.

Convenience: The unit is equipped with top handle at the back of the unit, for easy lifting and convenient transportation.

Defrost function: The unit is equipped with an intelligent defrost system, for use in lower temperatures.

Back-up system and auto re-start: In the event of a power failure, the unit will remember the settings before power failure.

Full colour box: The unit is delivered complete with auxiliary parts within a full coloured box, displaying the applications and operation information in several languages.
