D 612

Dehumidifier

Product data sheet

Product category	Dehumidifiers
Brand	Qlima
Model	D 612
Colour	White
EAN code	8713508776057

Technical specifications

Dehumidifying capacity	l/24 h	12
Power consumption	W	200
Power supply	V/Hz/Ph	220 - 240~ / 50/60 / 1
Current (nom.)	A	0,79
Airflow	m³/h	90
For rooms up to	m³	50 - 75
Capacity water tank	l	1.8
Operating range	°C	35
Included filters	type	Active carbon / HAF / Screen
Sound pressure level 1m	dB(A)	< 38
Fan speeds	positions	1
Control		electronic
Auto restart		No
Refrigerant type / GWP / Charge	R/g	R290 / 3 / 60
Dimensions (w x d x h)	mm	290 x 194 x 478
Net. weight	kg	10,0
Compressor type	type	rotary
Protection class		IP24
Warranty	year	2

All data is measured in accordance with applicable EU specified standards at the time of production. To be used for indicative purposes only.

Very stylish exclusive Qlima design: This dehumidifier is part of an exclusive range of Qlima design dehumidifiers. The glossy white colour together with the colourfull blue indication ring presents this model as a revelation in high end aesthetics for household dehumidifiers.

Extremely quiet: In HIGH fan mode: the sound produced by this dehumidifier is so low you will hardly hear it, when using it in a normal living room.This dehumidifier surely is one of the most silent dehumidifiers available in the current market.

Swing function air outlet : The air outlet is positioned on the upper part which is equipped with a movable flap (up / down). In this setup, the air spreads evenly and is particularly useful for drying laundry. The function 'Swing' can also be deactivated.

Hygrostat: The humidity can be regulated via an adjustable hygrostat.

Hygrometer: The unit is equipped with a hygrometer, which indicates the relative humidity in the room.

Large size, removable water tank: For ease of use, the dehumidifier has a extremely large watertank capacity. The frequency of having to empty the tank is significantly reduced, with this large sized water tank.

Water container cover: The water container is equipped with a cover, to prevent the splashing of water when the container is taken out or is transported to the drain.

Easy to use: The device adapts to the room conditions. It alternates between silent and full power mode to maintain a humidity level of around 50%. When the water tank is full, an acoustic signal sounds and then the device switches off.

Automatic switch off: When the water container is full, a LED light will light up. The dehumidifier will automatically switch off.

Power cord storage: The dehumidifier is provided with an easy to use power cord storage option.

24 hour timer: The unit is equipped with a timer function which can switch off the unit at any hour.

Convenience: The unit is equipped with top handle at the back of the unit, for easy lifting and convenient transportation.

Compressor: The dehumidifier has a silent rotary compressor.

Defrost function: The unit is equipped with an intelligent defrost system, for use in lower temperatures.

Full colour box: The unit is delivered compleet with auxiliary parts within a full coloured box, displaying the applications and operation information in several languages.

Possibility for permanent water drainage: By fitting a flexible water drainage tube a continuous water discharge can be realized. If done correctly, it will prevent the need for emptying the water container.
