Built-in thermometer

## ODS

Oxygen detection safety system

Stainless steel burners

Suitable for big parties

---

**Adjustable power:** This means the power can be adjusted to control the gas to grill the meat or vegetables to your desired state.

---

**'Uniform heat' technology:** This outdoor kitchen has 2 adjustable burners, which evenly distribute the heat over the entire cooking area.

---

**Integrated thermometer:** This barbecue is equipped with an instant reading thermometer for perfect simmering of large cuts of meat with the lid closed.

---

**High quality product:** The `||CoreProductType||` is made of polished enamelled steel with a stainless steel front panel. It is equipped with black dials and two stainless steel burners.

---

**Autostart:** This type of ignition consists of a convenient dial to press and turn. Pressing the dial creates a spark. The rotation of the dial starts the flow of gas, which then ignites the spark to become a flame.

---

**Safety:** For added safety, the gas stops automatically if the flame goes out.

---

**Number of people:** This barbecue has a large grill surface that can grill for `||Suitable for #persons||`.

---

**Side shelves :** More cooking possibilities. The side shelves increase the available workspace.
