Big tank

## Features

---

**Clean hand filter exchange:** The clean hand filter exchanger allows you to take out the filter from the appliance without touching the dirty/ dusty parts of the filter. Simply unlock the easily accessible locks on the top lid, take out the motor compartment and you can access the filter from the clean side.

---

**Blower function:** For cleaning the bbq or outdoor stove there is a convenient blower function. With the blower function you will be able to clean those really hard to reach spots.

---

**Big tank:** You don't want to empty the tank everytime you use the product. So this ash vacuum cleaner has a big tank of 12 liter.

---

**Easy to carry:** For extra mobility the ash vacuum cleaner has an ergonomic lifting handle.

---

**Easy to use lid:** The engineered subtile clips hold the lid firmly at its place, while at the same time it allows the end user to easily remove the lid.

---

**Easy to use suction tube:** The suction tube is with it's twist on/off function easy to connect or disconnect.

---

**Fire retardent HEPA filter:** The ash vacuum cleaner contains a fire retardent HEPA filter. This filter is washable.

---

**Perfect for cool ash:** The ash vacuum cleaner is usable for all ashes: BBQ, wood stoves and pellet stoves.

---

**Warranty:** 2 year warranty.
